The with a nucleus representing the DAO and the orbiting electrons would be all the partners integrating with the platform.	A heart shape that also reminds of a C and a D in a Box but in not in a perfect isometric form but with a little perspective, and the colors then different for the C than for the D so light and shadow let you perceive the Box	A microchip with lots of lines going into it to represent a global AI platform for optimizing human health
----------	--	---	---	---	---	---	--

A brain with lots of data going into it to represent a global AI platform for optimizing human health = 2

heart (for health care) = 2

fountain of youth (for rejuvenation) = 1

A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity. = 1

A heart shape that also reminds of a C and a D in a Box but in not in a perfect isometric form but with a little perspective, and the colors then different for the C than for the D so light and shadow let you perceive the Box = 0

A C and a D shaped like a pill = 0

blackbox input output (for the data driven approach) = 0

A magnifying glass (shaped like a C) to indicate the search for cures = 0

infinity symbol (for longevity) = 0

closing circle (overall health) = 0

A C and D shaped like a pill = 0

A microchip with lots of lines going into it to represent a global AI platform for optimizing human health = 0

A sideways beaker like a C (for CureDAO) to represent our mission to create 7 billion citizen scientists. = 0

An atom representing both scientific discovery and the coordination of autonomous entities. The with a nucleus representing the DAO and the orbiting electrons would be all the partners integrating with the platform. = 0

Fewest votes won by a candidate = 1.

Number of candidates with the fewest votes = 2.

Weighted tiebreaker loser is ~~fountain of youth (for rejuvenation)~~.

~~fountain of youth (for rejuvenation)~~ is eliminated. If other candidates have no votes, they will also be eliminated.

Round 2 votes

<b>Andreas Melhede:</b>	<b><i>heart (for health care)</i></b>	A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity.	A brain with lots of data going into it to represent a global AI platform for optimizing human health

<b>Mike Sinn:</b>	<b><i>A brain with lots of data going into it to represent a global AI platform for optimizing human health</i></b>	A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity.		
<b>Jason C Mercurio MFE:</b>	<b><i>A brain with lots of data going into it to represent a global AI platform for optimizing human health</i></b>	A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity.	heart (for health care)	<del>fountain of youth (for rejuvenation)</del>

A brain with lots of data going into it to represent a global AI platform for optimizing human health = 3

heart (for health care) = 2

A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity. = 1

A heart shape that also reminds of a C and a D in a Box but in not in a perfect isometric form but with a little perspective, and the colors then different for the C than for the D so light and shadow let you perceive the Box = 0

A C and a D shaped like a pill = 0  
 blackbox input output (for the data driven approach) = 0  
 A magnifying glass (shaped like a C) to indicate the search for cures = 0  
 infinity symbol (for longevity) = 0  
 closing circle (overall health) = 0  
 fountain of youth (for rejuvenation) = 0  
 A C and D shaped like a pill = 0  
 A microchip with lots of lines going into it to represent a global AI platform for optimizing human health = 0  
 A sideways beaker like a C (for CureDAO) to represent our mission to create 7 billion citizen scientists. = 0  
 An atom representing both scientific discovery and the coordination of autonomous entities. The with a nucleus representing the DAO and the orbiting electrons would be all the partners integrating with the platform. = 0

Fewest votes won by a candidate = 1.

Number of candidates with the fewest votes = 1.

~~A butterfly with one wing illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity.~~ is eliminated. If other candidates have no votes, they will also be eliminated.

***optimizing***  
***human health***

A brain with lots of data going into it to represent a global AI platform for optimizing human health = 4

heart (for health care) = 2

A heart shape that also reminds of a C and a D in a Box but in not in a perfect isometric form but with a little perspective, and the colors then different for the C than for the D so light and shadow let you perceive the Box = 0

A C and a D shaped like a pill = 0

blackbox input output (for the data driven approach) = 0

A magnifying glass (shaped like a C) to indicate the search for cures = 0

infinity symbol (for longevity) = 0

closing circle (overall health) = 0

fountain of youth (for rejuvenation) = 0

A C and D shaped like a pill = 0

A microchip with lots of lines going into it to represent a global AI platform for optimizing human health = 0

A sideways beaker like a C (for CureDAO) to represent our mission to create 7 billion citizen scientists. = 0

An atom representing both scientific discovery and the coordination of autonomous entities. The with a nucleus representing the DAO and the orbiting electrons would be all the partners integrating with the platform. = 0

A butterfly with one wing Illustrated with microchip lines representing data and the other wing representing life with the butterfly itself, and the butterfly is similar to the horizontal eight standing for longevity. = 0

Most votes currently held by a candidate = 4.

Number of candidates with the greatest number of votes = 1.

**A brain with lots of data going into it to represent a global AI platform for optimizing human health** has exceeded the quota and is elected. If there are seats remaining to be filled, the surplus will now be reallocated.

**The election is complete and the elected candidates are (A brain with lots of data going into it to represent a global AI platform for optimizing human health).**
